## About TCS

TATA Consultancy Services Limited is the biggest Indian multinational information technology service and consulting company headquartered in Mumbai, Maharashtra, India. It is a subsidiary of Tata Group and operates in 149 locations across 46 countries. TCS is the largest Indian company by market capitalisation.

2020 placement season (**2021 batch**) is round the corner and we would encourage students to start their registration process on our portal - This registration makes it easy for students to participate in IT contests that are in pipeline as well as the recruitment process to follow!!

<https://nextstep.tcs.com> (Click on this link to get Steps to register)

We would have loved to address your students in their respective campuses during the month, however, the guidance from Health Ministry to avoid large gatherings due to COVID-19 stops us from doing so. We are expecting the current situation to improve over the next few weeks, providing us with an opportunity to connect with your students!!

Until such time, we request you to please encourage the students to register using the details we shared along with this email. Increased registrations will certainly help us gauge the interest level of our student community and plan our interaction too....!!

TCS Codevita registration is now open for students of 2021, 2022 & 2023 batches and the details are mentioned along with this email. Codevita is our flagship coding contest with amazing benefits!!

Kindly encourage students to register early to avail the benefit of mock contests and additional practice links.

**Registration Link:**

**VTU CPC wishes all the candidates a prosperous career ahead.....**

**Stay safe and take good care of health!!!**

\*VTU CPC is only a platform to link the recruiter and the candidates. The candidates are advised to take maximum care in selecting the recruiter and terms & conditions of appointment. VTUCPC is not responsible for any lapses in the agreement between the candidate and their recruiter.
